The old Eagle going it with a Rush!

THE EAGLE STEAM FOUNDRY
— OF —
TURTON & SERCOMB,
296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this **The Oldest Establishment in the State** the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE and CYLINDER COCKS, OIL CUPS AND COCKS and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash prices.

They are also Agents for EASTMAN'S PATENT STEAM GUAGE, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "Excelsior."

LIQUORS, CIGARS.

Come to the Fair.

Hurrah for the Fair," the old farmer shouts,
As Dobbin is driven up close to the door;
And pumpkins, etc., are piled in the cart,
All gathered with care from the old farmers store.

Then come to the Fair, let us see what you have.
We've a welcome for all, maid, matron and sire;
Bring your horses and daughters, your oxen and swine,
Our motto is "Forward," and forward means higher.

And when to our city, the pride of the West
And viewing the sights and notions so rare,
You will want a Cigar to give zest to your taste,
And add to the interest you feel in the Fair.

It needs but a trial to point but the place,
Our Cigars are selected with excellent care;
Then remember our store with its native in front,
And glance at our card when you visit the Fair.

VOLUME XI. MILWAUKEE DAILY SENTINEL, MONDAY MORNING, NOVEMBER 10, 1856. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS,
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:

Monday Morning, Nov. 10.

The Legislature.

Besides the gratification which we entertain at the result of the election of members of the Legislature, as securing a Republican U. S. Senator, there are reasons in the characters of many of the members elect to look for lasting good to the state from their action.

In the Senate, of the 18 members chosen at the late election the Republicans have 12 certainly, of whom 11 hold for 2 years, and as the Senators from Kenosha, Waukesha, Walworth, Grant, Rock (east district,) Fond du Lac, Dodge, and Green counties are among those who are to be chosen next year, we are assured of a Republican Senate by a handsome majority for two years.

Of the Senators elect, Messrs. Chase, Giles, Joiner, Sutherland and Davis, Republicans, are men of experience in legislative affairs, and there are none that we know of who will not add strength and dignity to the body of which they become members. Messrs. Giles and Sutherland are members of the present Senate, re-elected.

In the Assembly, the Republicans will be nearly two to one of their opponents of all stripes of the Democracy, and we fear that the delegation from our city and county, which, by whatever means elected, is decidedly Barstow-democratic, will not be able to exercise even such influence as we might justly claim on account of population and material interests. Whatever our city may lose in influence there, however, will o course be amply compensated by the reflection that its people have endorsed by their votes the corruptions of the late dynasty, and done what they could to renew them!

Of the members elect, Messrs. Howe, E. N. Foster, Taylor, Mills, Lovell, Burgess, Cameron, Jackson, Maxson, Cotton, Atherton, Noggle, Wakely, Spooner, Sugden, Hawley, and Annunson (17) among the Republicans, and Messrs. Thomas, Chappell, Strong, McCormick, Haertel, Moscowitz, Reymert, and Horn (8) among the democrats, have been members of former legislatures, the proportion of old members being larger than for some years past.

There is plenty of work for these gentlemen to do besides passing state road memorials, and we look to see some good resulting from their assembling together. We shall take an early occasion to call attention to some work needed.

A Hopeful Prospect.

The *News*, in a series of lugubrious reflections upon the result in this State, offers to its discomfited and desponding friends, the following "crumb of comfort:"

But our gain this year over the result of 1854 should animate and encourage us to make still greater exertions for redeeming Wisconsin.

Let us see about this "gain." In 1854, Wisconsin elected 2 Republicans and 1 Democrat to Congress, now it elects 3 Republicans. No "gain" there. In 1854, the Republican majority, on the popular vote, was between five and six thousand—*now*, it is from ten to fifteen thousand. Certainly no "gain" there. In 1854, the Democrats carried the Senate and the Republicans the Assembly—*now*, the Republicans carry both Houses. Assuredly, no "gain" there. In 1854, the Republicans had barely a majority of two or three, on joint ballot—*now*, they have a majority of 30, or 40. Not much of a "gain" there. Indeed, we should be glad to have the *News* specify where the "gain" it speaks of, is to be found.

Reception of Senator Sumner by Massachusetts.

Senator Sumner was received by the State of Massachusetts, through the Governor, and in the presence of tens of thousands of people, on the 3d. In reply to the heartfelt welcome extended to him, Mr. Sumner addressed the meeting for about 20 minutes, his weak state of health overcoming him before he closed his remarks. The *Atlas* of the morning of the 3d, speaking of the reception which was to take place that evening, says:

> There will be very little of pomp or circumstance in the reception, but every right thinker who engages in it, will "have that within which passes show." Few words will be spoken; God knows these are times for action rather than for speech; but in that reflection which must come to the most stolid to-day, may every freeman of Massachusetts find new love of liberty, warmer public virtue, and sterner energies for the impending crisis.

The people of old Massachusetts the next day expressed their admiration of Senator Sumner, by a majority of 70,000 for Fremont and Dayton, over the candidates of the party which has supported and defended his cowardly assailants.

Kenosha and Rockford R. R.—The books of subscription for the Kenosha and Rockford R. R. have been opened, and the following named gentlemen appointed Directors:

Wm. B. Ogden, of Chicago; John Bradley, of Janesville, Wis.; E. G. Ayre, of Harvard, Ill.; Josiah Bond and Samuel Hale, of Kenosha, Wis.; John A. Cornwall, of Caledonia, Ill.; Thomas Paul, of Chemung, Ill.; John M. Capron, of Alden, Ill.; R. P. Lane, G. Haskell, Anson S. Miller, C. H. Safford, Seely Perry, Jason Marsh, D. G. Penfield and C. Briggs, of Rockford, Ill.; Elisha A. Kirk, of Guilford, Ill.

Very Like a Whale!—The *News* of Saturday gravely informs its readers that the "Jenny Lind Club," the *Sentinel* and the business men of Milwaukee, are "in the interest of Chicago," and that the wicked Shanghais, "in and out of Milwaukee," tried to help Chicago in the notable effort to draw business away from this city, "by taking our land grant." The story is so extremely probable on its face that is hardly needed the endorsement of the *News* to make it current.

Official Canvass.—The official canvass of the votes cast at the recent election in this State, is to be made in every county on *Tuesday next*, by the Clerks of the Board of Supervisors with the assistance of two Justices of the peace.—The Revised Statutes specify how this canvass is to be made and to whom the returns are to be addressed. We will be obliged to any friend at each county seat, for a copy of the official canvass, as soon as made.

Milwaukee and Horicon R. R.—Among the articles transported over the Milwaukee and Horicon R. R., during the past month, were the following heavy items: Wheat 86,157 bushels; Flour 2315 bbls; Salt, 158 do.; Merchandize, 1,954, 725 lbs.

The opening of the road to Ripon, in the course of this week, will add largely to both passenger and freight business.

Off for Montreal.—A large party of our citizens, including representatives of the different R. R. Companies, the Common Council, the Business Men, and the Press of Milwaukee, leave here this morning for Montreal, to participate in the festivities there, on the 12th and 13th insts. in commemoration of the opening of the Grand Trunk Railway between Toronto and Montreal.

The Presidential Election.

The telegraph wires were down, Saturday night, and we are consequently without any later advices. Illinois and Louisana are still in doubt, with the chances in both States in favor of Mr. Buchanan. From Florida, Texas and California, nothing has yet been heard. The Buchanan majority in Pennsylvania is 15,000 to 20,000 and in Indiana 8 to 10,000.

The Assembly has 97 members. So far, we have 59 Republicans, 28 democrats, and 10 to hear from, of which we shall have a fair share.

A "Shriek" for Freedom.

The following article, from the South Carolina *Times* of Oct. 27th, is one of the latest democratic manifestations in favor of the Extension of Slavery and the re-opening of the Slave Trade, Both these humane, enlightened and truly Democratic measures, will doubtless be formally incorporated into the party platform within the next year:

> **Re-Opening of the Slave Trade.**
>
> The decree which has been recently issued by General Walker, President of the Republic of Nicaragua, re-establishing the institution of Slavery, and inviting the importation of negroes, is now attracting much attention. For our own part we are highly pleased with the decree, for we are decidedly in favor of re-opening the slave trade, in order that the price of negroes may be reduced to such figures that every industrious and poor man may purchase and become a slaveholder. We regard the course pursued by General Walker as not only correct, but that challenges the approval of the entire mass of people inhabiting the Southern States, and we believe that they will sustain him in the position he has assumed. Hoping and believing that the confederacy now known as the United States of North America will soon be dissolved, we look upon this movement of General Walker as that of a statesman, and we hope the day is not far distant when Central America, embracing the Island of Cuba, will form a part of the Southern confederacy.

Newspaper Change.—Messrs. E. R. and F. A. Utter give notice, in the last number of the Elkhorn *Independent*, that they have discontinued the publication of the *Reporter*, late the democratic organ in Walworth County, and sold and transferred the good will and subscription list to Messrs. Densmore and Hotchkiss, of the *Independent*. The *Independent* is a well-conducted paper, circulates widely in Walworth and adjoining counties and is an excellent advertising medium for such of our Merchants and Business Men as desire to have dealings with the honest, intelligent, well-to-do yeomanry of that glorious section of our State.

Milwaukee and Horicon R. R.—Open to Ripon!

On and after *to morrow*, the Milwaukee and Horicon Rail Road will be open to Ripon, Fond du Lac county, some eighty miles north-west of Milwaukee. Ripon is a busy and beautiful town, situated in the heart of one of the finest agricultural districts in this State. From this point lines of stages, connecting with the Rail Road, will run to Oshkosh, Neenah, Menasha, Waupacca, Weyauwega, Waushara, Wautoma, Stevens Point, and other towns and villages in the North and North West. A Railroad, with such connections, must be a busy and profitable one.

Calumet County for Fremont.

Calumet County gives Fremont 75 majority, Billinghurst 76 majority, Platt, Rep., for Senator, 124 majority, and elects George A. Jenkins, Rep., to the Assembly by 79 majority. Well done for Calumet!

Pretty well for a town that gave Barstow 120 majority last fall.

Thomas S. Allen, Republican, is elected to the Assembly in this district, and Ephraim Knowlton in the other. Joiner is elected Senator we think, without doubt.

Sheboygan County.—A letter to us from the *Times* office, Sheboygan, under date of Nov. 6th, claims a Republican majority in Sheboygan County and the election of Mr. Giddings, Republican, Senator, and two Republican out of the three Assemblymen. Passengers by the boat, however, who left on the 7th state that Buchanan has 50 and Hobart 80 majority in the County and that E. Fox Cook (dem.) is elected Senator.

Portage, Marathon and Wood Counties.—These three Counties give Fremont about 600 majority and elect Rood (Rep.) to the Assembly. Hanchett (Rep.) is elected in the Senate District of which these Counties form a part, by a large majority over Scott (Dem.)

Another "Shriek" from Adams Co.—The town of Linden, Adams Co., gives Fremont 156 majority, and Washburne 113 maj. Mr. Kingston, the Republican candidate for State Senator, gets 303 votes, and J. H. Wells, of Waupacca supplement notoriety, *two votes*. Langworthy, Republican Assemblyman, has 301 majority.

Columbia County.—We have returns from all the towns in this noble county. Twenty-one, out of the twenty-three give Republican majorities; the aggregate majority in the county for Fremont and Freedom, being *seventeen hundred.*

Winnebago County.—With every return from Winnebago, we have put up our majority a notch higher, but the actual majority keeps ahead of our figures. We claimed at first 900, then 1000, then 1200. All the towns are now in, and the majority for Fremont is 1401!

Manitowoc County.—This county gives from 7 to 800 dem. majority, and elects Temple Clark (dem.) to the Senate and C. H. Walker and J. Cunningham (dem) to the Assembly.

Messrs. Editors:—The Postmaster at this place, who has held the office for ten years under three successive Administrations, was last week decapitated, and the only "Buchanier" in the place (a person who can neither read nor write the English language) appointed. The only reason that can be conjectured for this arbitrary proceeding is, that the former incumbent is suspected to be in favor of the election of Fremont. Comment would be superfluous.

A GLORIOUS VICTORY!!

Barstow and his Clique CLEANED OUT IN RACINE CO.!!

POTTERS MAJ. OVER HADLEY, 628!

Every Republican Candidate Elected!

We congratulate the Republicans of Racine County upon the auspicious results of Tuesday's contest. Last fall Barstow received 90 majority in this county. Now his pet friend and apologist—Hadley—is beaten by 628 majority, showing a change of over 700 votes in one year!

Every candidate on the Republican County Ticket is elected, by majorities ranging from 547 to 688! We have also elected the four members of Assembly, by handsome majorities. Last year we only elected one.

The County officers elected by the Republicans are—Register of Deeds, Sheriff, Clerk of the Court, District Attorney, County Treasurer, Clerk of Board of Supervisors, Coroner and County Surveyor. Add to these, State Senator, four Assemblymen, and over 600 majority for the Republican candidates on the Electoral ticket and for Congressman, and we think it will be conceded to have been a pretty good day's work. All honor to the Republicans of Racine County.—*Racine Adv.*

☞ The N. O. Delta makes the following demand for the South:

"But what we demand is that—as slavery is national and not sectional, constitutional and lawful and just, and not a sin either before God or man—the south, as a slave holding country, should have ample room and verge enough to grow her growth and work out her natural destiny, and that all constitutional and legitimate facilities should be afforded towards effecting those objects."

Antwerp, July 5, 1856.

The fine arts do not flourish very well at the present day in Amsterdam. There is a museum containing a small gallery of paintings—some of which, particularly those of Rubens and Rembrant, are very fine. It will be recollected that Holland was the native land of these eminent artists. The latter lived and died in this city. On one of the public squares there is a fine bronze monument erected by the citizens to his memory. There are in the museum a few works of statuary, but none I think of native artists. The Dutch, a few centuries ago, were celebrated for their talent in wood carving, as the splendid pulpit in the *Nieuwe Kerk* will testify. This church is called new, yet it was built as long ago as 1408. They have also excelled in the painting upon glass for the use of churches. There is a trade here, almost akin to one of the fine arts which, perhaps, is more extensive than all other parts of the world combined. It is the process of polishing and cutting diamonds. There are several factories for this purpose, the owners of which are principally Jews. I would have liked to visit one, but as the Low Dutch is only spoken in the city, I could neither understand or make myself understood.

The public buildings are not large and claim no attention of the traveller. The old palace is a large old pile of buildings without any design or architectural proportion. It stands, as is said, upon 13,965 piles, and is only some two or three hundred years old. The buildings generally, I believe, stand on the same foundation. All of them being brick, it looks quite singular to see them occasionally leaning towards each other, or dipping towards the street. This arises from the fact that one portion of the foundation has settled.

It is a popular opinion with the world that the Dutch people are filthy and uncleanly; but how such an opinion, so far from the truth, could have been formed, I am at a great loss to conceive, for I certainly never saw so much unscrupulous neatness in my life among any class of people, either as regards their persons or dwellings. Although their dress is rather peculiar, particularly among the females, yet even down to the working classes, everything they wear, from the great wide plaited cap to the wooden clogs upon their feet, is as clean as soap and water, used by strong arms, can make them. All the streets in front of their houses, the steps, the scrapers, the great brass knockers and the windows, have to go through a regular scrubbing at least once each day. The windows, not disfigured by curtains, look at a distance like mirrors; and probably nothing would sooner create a 'family jar' here, than for one of these old fat burgomasters to come home and find the least observable speck of dirt on one of his large fine panes of plated glass in one of his front windows. Indeed there is a little village not far from Amsterdam, so famed for its cleanliness that its name has gone abroad all over the earth, and tourists from abroad think as much of going to see it as they would any of the *lions* of a great metropolis.

About three hours riding on a small steamer and a part of the way by carriage on the lane, the traveller arrives at the little village of Brock, containing about one thousand inhabitants.—These are mostly retired business men, who have either made fortunes by banking, merchandizing, or in selling those little round cheeses which find their way all over the world, under the name of Dutch cheese. So great is the manufacture and traffic in this great luxury of the table that it might be called with propriety the *rolling stock* of North Holland. The houses are generally of wood, with high roofs, all painted with glittering colors. There are no streets, because the inhabitants would not consent that a vehicle of any kind should ever enter the village. At the doors of the houses, the same as in oriental countries, are clogs and overshoes of different kinds, so that a person, on entering them, might slip on a pair lest he should soil the fine, smooth tiled floors. It is said that the Emperor Alexander once visited the place, and on reaching the door complied with this ancient custom. The blinds, which are green, are always closed to one part of these houses—the parlor, or perhaps with more propriety it might be called the *sanctum sanctorum*—the holy of holies. It is rarely that this room is ever used, yet once in each week, Saturday, the day of all days, it is entered with great profoundness and every article rubbed and dusted. And it is also said that even those houses where the occupants are temporarily absent in the city, have to be regularly scrubbed each Saturday by servant girls sent up from the city for that purpose.

The inhabitants of the city, and all Holland, look not only neat and tidy in their appearance, but happy and contented. All the national traits still exist as of yore—great rotundity of persons, jolly red faces, blue eyes and flaxen hair, and like the Germans, fond of smoking and drinking. In their social intercourse they are free and easy, kind and considerate to all classes, and hospitable to the stranger.

In reference to institutions of learning, they are equal to other Continental countries, and so far as regards all the philanthropic efforts to ameliorate the condition of the afflicted and unfortunate of all clases, probably there is no nation in either hemisphere in advance of the Dutch. In Amsterdam there are almshouses for poor old men and women, one for boys and girls, it being classified into three departments, for burghers children, for strangers children and for foundlings. There is a hospital for fools and one for the insane. There are almshouses of correction, whose inmates are beggars and vagabones collected from the streets, gamblers, idlers drunkards, theives and rogues of all kinds where the offences are of a petty character. Here suitable employment is given them and they continue until there is a reformation. All these buildings are erected in the style of public edifices and are the pattern of cleanliness and order.

But I must hasten on to Rotterdam and leave the city of windmills. Although it is true that the streets of Amsterdam are lower than the German Ocean, and not only the city but the whole country requires a great deal of skill and watchfulness to prevent a complete submersion, yet it is not true as asserted by one author, that the frogs look down into the tops of the chimneys and bray before the Dutchmen are up in the morning! The whole distance to Rotterdam is on a dead level where the iron rail is only a few inches above the thousand canals, lakes, rivers and sluiceways we passed in every direction. On these the farmers do their marketing, and often their teams work on their own farms, for I frequently saw them taking the hay from their meadows on boats to their barns. Great praise is due to the Dutch for their untiring perseverance, skill and energy during a few hundred years past in the improvement of and gradual extension of the area of tillable lands. Quite a large proportion of the best and most fertile lands of Holland have been reclaimed by its industrious people, these lands being once nothing but a waste of waters. And it would be almst incredible if I should enter into a statistcle account of the expense of machinery and other outlays for the purpose of pumping the water out, for it can only be done by a system of drainage of a distinct district at a time, varying from one to a hundred acres of water. These are called *polders*. The district is first surrounded with a high strong embankment to prevent the outside water from breaking in. After this it is lined on all sides with wind-mills and machinery for pumping the water out. After the water is all out they then make a soil on the bottom and these constitute the highest lands in Holland. The fears of the farmers from the water are about the same as those of the vintagers who reside on the side of Mt. Vesuvius who live in constant fear of an eruption of fire.

Rotterdam is next in size to the capitol and has many of its peculiar features such as canals dykes and windmills. Like that too the sails and masts of ships may be seen at almost every turn in the street sailing as it were to the very doors of their rich owners. But to the traveller, it has less dullness on account of there being a greater proportion of English and French residents, more dash about the people and with a greater variety of Scenery, in the way of parks and gardens. Erasmus was born here in 1567. The house is still standing in which he lived, and has the following inscription over the bust of the learned writer in these words; "Haec est parva domus, magnus qua natus Erasmus." On the bridge near the market place, is placed a bronze statue to his memory. In the church of St. Lawrence are some very respectable monuments erected at the expense of government to the memory of the Dutch Admirals Dewitt, Cortenaer and Von Brakel. A few minutes ride from the City is the village of Schiedam where I presume the famous *Schnap* is come from, which are so well liked in the United States.

Here in this small village, known by its windmills, tall chimney's and smoke, are more than two hundred distilleries which supply the Dutch "and the rest of mankind" with liquor. Of the quality no doubt there are many in and around Milwaukee whose opinion would be entitled to consideration.

A few hours ride by rail and by steam, through a lovely country now doubly interesting from the ripening crops that every where meet the eye, I halted at the old City of Antwerp. For the last thirty miles I was strongly reminded again of the German Railroads. Not only were frequent modern elegant chateaux, and surrounded with gardens of flowers, but there was a double row of flowers, pinks I thought, on both sides of the track during the whole distance. At a little distance from them were rows of tree. Have the people of Wisconsin thought of the trees, to say nothing of the flowers?

For the Sentinel.

Engine Company No. 1, to the Common Council.

Editors Sentinel:—Will you please allow us the use of your columns to invite the Mayor, Common Council, Insurance Agents and the public generally, who are interested in a well organized Fire Department, to call at the house of Supply Hose Co., on Main street, Monday, Nov. 10th, between the hours of 9 A. M., and 1 o'clock P. M.

As this is the day appointed by the Chief Engineer for the semi-annual inspection of the Fire Department, we think this the most appropriate time to call the attention of those interested to the condition in which one of the engines is situated for the coming winter. In a House half the size that is needed, with no room to put up a stove to keep the machine from freezing up, and 2 companies in one house, hardly large enough for one. The House of Engine Co. No. 1, was taken down last spring, (which fact you are well aware of,) and we were sent to Hose Co.'s House till the old one was rebuilt. We could get along very well through the summer in that house, but no possible chance for us to be of any service this winter without fire to keep the Engine in order. This matter has been neglected by the Fire Department Committee until too late to build a house; therefore we invite the property holders and Insurance agents next Monday, to examine for themselves the condition of the Company, so that if there should be need of their services this winter, and they should not be able to do any good in saving from destruction thousands of dollars worth of property, the Company may not be censured, but the blame laid where it properly belongs. We can see no use in caving this matter so long. Neither is there any use for the city to purchase Fire Engines, Hose, or anything for the Department, and provide no place to keep them in order, that they may be of service, and more particularly in cold weather, when it is necessary that fire apparatus should be in good order.

If you will give this a place in your paper, and by that means induce the officers and business men of city to call during the forenoon at their house on Main St., they will find some of the members there to show them around, and you will confer a great favor, and much oblige,

ENGINE CO. No. 1.

MARINE INTELLIGENCE.

The steamer *Huron*, Capt. Goodrich, arrived from the north, Saturday morning, having been out during the tempestuous weather of last week. She was at anchor, off Manitowoc, Monday morning, when the South-East gale set in, and was compelled to leave her anchor and put out to sea. The gale was very violent, and the sea tremendous, and the *Huron* in imminent danger of foundering. Nevertheless, Capt. Goodrich, who is a *trump*, brought his staunch little boat, all right, into Sheboygan harbor, where she lay till Friday night. Several of the passengers on the *Huron* have requested us to say that all thro' the trying and perilous hours of the storm, Capt. Goodrich, his officers, crew and steamer, acquitted themselves admirably.

Failures in the Produce Trade.

We copy from the N. Y. *Express* the following excellent commentary upon the developments made concerning the produce trade by some recent failures in that city.

The recent suspensions create discussion as to what should be classed as dishonesty, and what should be considered as the natural operations of trade, and to be viewed in connection with the scope of a merchants business, instead of being judged as seperate acts. A failure in business can only be regarded as a great misfortune, and it is not a generous spirit which can hear of disaster with anything like satisfaction, or charge dishonesty where the ordinary misfortunes of trade alone are the cause of bankruptcy.

The ordinary misfortunes of trade, as they are estimated by prudent men, are not often the cause of the frequent bankruptcy which mark commercial life in the United States. The cause is entirely different, and is to be found mainly in the too great anxiety to be rich, and the almost universal practice of conducting a large business upon inadequate capital, making all manner of financiering necessary, the whole programme ending in ruin to the schemer, and those by whom he has been credited.

Disasters in business are, and must ever be, the result of persons engaging in enterprises without adequate knowledge of what they undertake. No merchant familiar with business but can recall numerous instances where large profits have been made by parties supremely ignorant of commerce in all its branches, as well as of losses, as surely to be expected as the recurrence of day and night. California is not the only quarter where parties of limited information have attempted to make a rapid fortune with disastrous result.

What California has been to the commercial world, in supplying large amounts of gold, Great Britain has specially accomplished for the United States by the purchase of our grain. But, while all this has been the source of great national gain, it has, in individual cases, proved the tempting bait, by which many have been ruined. The time has long passed when the difference in the price of breadstuffs in England, and the market whence she draws her supplies is to be the source of fortune to merchants who are shippers of grain upon speculation. In the first place, we have not the necessary information, and with the best information the business has no more certainty in its operation than the variable climate of Great Britain, —the fair weather of one week depressing the market the entire amount of profit anticipated upon shipments from the United States. The supply of bread in England, and a cheap supply, is a subject to them of great magnitude. Their press teems with weather reports and crops, and all her trade depends upon the cheapness of bread, as cheapening her wares and keeping the population quiet.

The closeness of our commercial interests with those of Great Britain; the large space given by the Press to commercial affairs abroad, enlists us in this broad question; and the natural inclination to speculate, so prevalent with our merchants, makes them think they can, out of a hazardous business, reap large profits. It is a fact we have yet to comprehend, that England buys bread no sooner or faster than she needs it, and it is quite certain that the great mass of our shipments upon speculation have in reality been nothing but sending grain to England to pass into consumption at prices beyond our control, or the computation of any commercial sagacity; and that, upon the grain shipped for sale, merchants make more losses than profits, in the long run.

It is in this kind of business that many merchants have failed, nor could a different result be anticipated. The business the past season has been done in the face of a great decline, which has swept away not only the anticipated profits, but the profits of the past. Shippers during the year have been in a fever of expectation, trusting to the next steamer to advise them of advances which would free them from loss. That steamer has not arrived, but in the meanwhile the obligations based upon last year's crop have matured, and the losses quietly taken care of in most cases, in others, brought to light in the shape of suspensions. Then it is shown that houses have for a long time been resorting to all the expedients of financiers to keep afloat, and when suspension is inevitable, it is urged that failures are not culpable, and that the failure was only a hitch in the finances, and that with reasonable suspicion of the danger of failing, such merchants could have made a very handsome exhibit, instead of a balance sheet of speculations only, dependent upon the whole chapter of accidents for success.

Salem, N. J., Feb. 24, 1855.

Dr. C. M. Jackson—Dear Sir—I take great pleasure in sending you these few lines, recommending to all afflicted with that terrible disease, *Dyspepsia*, the valuable properties of *Hoofland's German Bitters*. For a long time I was sorely afflicted with that disease, and in expectation of obtaining some relief, used a great many preparations highly recommended for that purpose, but all in vain.—Being advised to try the German Bitters, I reluctantly purchased a bottle. I felt so much relieved by the use of that, that I obtained more of it, and now, after taking five bottles, I feel and consider myself a healthier man than I have for the last ten years.

Yours, respectfully, ANDREW YOURSON.

Dalley's Magical Pain Extractor.

THE great and principal characteristics of DALLEY'S MAGICAL PAIN EXTRACTOR consist:

1st. Of its never-failing and unique property, as soon as applied to any external injury, to check inflammation instantly, and rapidly to reduce it. This feature constitutes its great power to alleviate the pain of burns and scalds, and of other painful diseases, in so incredibly short a space of time, and as will appear from the few testimonials hereunto annexed. Every intelligent mind is fully aware that, in all cases of external injury, the pain is produced by inflammation of the injured parts; and, therefore, if you remove the cause the effect must cease.

2d. Its purificative properties neutralise the poison that may lurk in the system, and will, when applied to the sores, draw rapidly all impure matter to the surface, and eject it—hence the great discharge it produces from sores occasioned by burns—and when applied to old, inveterate sores, Salt Rheum, or other cutaneous diseases.

Each box of Genuine Dalley's Pain Extractor has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. All others are counterfeit.—Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 81 Barclay street, New York.

Invalids

RECOVERING from the effects of Fever, Bilious Diseases, or long continued illness of any kind, will find Carter's Spanish Mixture the only remedy which will revive their drooping constitutions, expel all bad humors from the blood, excite the liver to a prompt and healthy action, and by its tonic properties, restore the patient to life and vigor.

We can only say TRY IT. A single bottle is worth all the so called Sarsaparillas in existence. It contains no Mercury, Opium, or any other noxious or poisonous drug, and can be given to the youngest infant without hesitation.

See the certificates of wonderful cures around the bottles. More than five hundred persons in the City of Richmond, Va., can testify to its good effects.

Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, Jr., No. 195 East Water street.

N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by Fred. W. Thayer, 597 Washington street, Boston.

HANDSOME PRESENT.—We saw at VAN COTT'S Jewelry Store, Saturday, a very handsome set of Silver, designed as a present to S. S. MERRILL, Esq., the faithful and capable Assistant Superintendent of the Milwaukee & Mississippi R. R. The set includes eight pieces, each of beautiful pattern, and richly finished, with this inscription. "Presented to S. S. MERRILL, by the employees of the M. & M. R. R., as a token of their high regard—Nov. 1st 1856."

Mr. VAN COTT'S store fairly glitters with elegant silver ware and costly jewelry. It is a dangerous place for a gentleman to visit, with a lady in company.

LARGE FLEET OF VESSELS BOUND UP.—Nearly one hundred sail of vessels were at the Manitous, last week, waiting for better weather. They are nearly all bound up and will effectually relieve the pressure in the warehouses of our different Lake ports. In anticipation of their arrival freights are declining and vessels were offered, Saturday, at 18a20 cts. on wheat to Buffalo.

CONCERT AT YOUNG'S HALL.—A very attractive performance is announced at Young's Hall, for Wednesday evening. A glance at our advertising columns will show what is in store for our music-loving readers.

REVIEW OF THE FIRE DEPARTMENT.—The semi-annual Review and Parade of our Fire Department takes place this afternoon. We wish our gallant Firemen, bright skies and a pleasant time. They will make a fine show.

THEATRE—YOUNG'S HALL.—There was a good house at the Theatre, Saturday evening, and Miss DENIN and Mr. SAM RYAN were greatly applauded. They appear again to-night, in three pieces, and to-morrow evening the Company give a representation at Racine.

EARLY WINTER.—The rain of Friday was followed by a light fall of snow, during the night, and a sharp frosty day, Saturday. Yesterday, too, the air was keen and the look and feel of the weather decidedly wintry.

City Auction Rooms.

I HAVE this day sold out all my Auction and Commission business to L. Stanton & Co., who will continue the business at the same stand, corner of East Water and Wisconsin streets. They are young men who come highly recommended and can be endorsed with sufficient capital to carry on the Auction and Commission business to any extent. I would therefore recommend them, believing that they will conduct their business honorably. I have consented and made arrangements with them, if they desire, to sell any large stock of goods or furniture for them. I would therefore say to my friends that have any goods or furniture, if they prefer to make an arrangement with me for the selling of such, it can be done.

I still continue to keep my Land Office and Real Estate business at the same stand, and will now be able to pay more attention to it than I have heretofore done. In a short time, as soon as I can get a suitable room, I intend to open a Real Estate Auction Room.
CALEB WALL.
Milwaukee, Nov. 1st, 1856. nov4

We have this day purchased from Caleb Wall all his Auction and Commission business so far as it relates to Goods, Wares and Merchandise, and we are prepared to do the business and make advances upon the same terms Mr. Wall did. We have also made arrangements with Mr. Wall to do the selling at auction for us. Any references wanted, shall be given satisfactorily, and we solicit a liberal patronage of his old customers and the public generally.

The business will hereafter be conducted under the firm of L. Stanton & Co., Successors to Caleb Wall.

HOLLAND BITTERS!

BOERHAVE'S

HOLLAND BITTERS,

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND,

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

TO LUMBER MANUFACTURERS AND DEALERS.

VALUABLE Property at private sale, situated on the Straits opposite Mackinaw, and on the Sheboygan River, containing about 13,000 acres of land, a large portion of which is heavily timbered with best quality of pine. The improvements on this property are, 1st—the village of DUNCAN; on the main land South Channel or pass, is a large steam Mill, of modern construction, with Siding Machine, Shingle and Lath Machines, and capable of manufacturing fifty thousand feet of lumber in 24 hours; also, Hotel, Land Office, Store, and sundry dwelling houses and Smith shop. The Sheboygan Steam Mill, on and near the mouth of Sheboygan River. The Sheboygan Water Mill, one mile from the mouth, with dwelling houses, barns, &c. At Duncan a Pier is erected, extending out to a sufficient depth of water to accommodate any vessel navigating the Lakes. This is admitted by navigators, by reason of the bay and Pier, to be the best Lake Harbor between Detroit and Chicago—it is a desirable Wooding and Coaling Point, being on the direct route for Propellers and sailing vessels. This property is desirable as a point at which a town must soon grow up, as the country back of it is fast filling up, for many miles, with settlers.

The Sheboygan Water Mill has the entire power of Sheboygan River, a never failing stream of great volume, which never freezes; the dam being at the falls of the river, is easily kept in repair. This is the most valuable water privilege in the State of Michigan, north of Grand Rapids.

To a company or individuals, desirous of entering into the lumber trade, this property offers rare inducements, with a certainty of greatly increased value in a very few years, and will be sold much below original cost, or present value, to ensure a concern.

For terms, which will be accommodating, apply to
JOHN A. DUNCAN, Executor, &c.
Wilmington, Delaware.

Chicago, Illinois.

CARTER'S SPANISH MIXTURE
THE GREAT PURIFIER OF THE BLOOD!
THE BEST ALTERATIVE KNOWN!
NOT A PARTICLE OF MERCURY IN IT!
An infallible remedy for Scrofula, King's Evil, Rheumatism Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Ague and Fever, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Enlargement and pain of the Bones and Joints, Salt Rheum, Stubborn Ulcers, Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This great alterative Medicine and Purifier of the blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the DISEASES OF FEMALES it is peculiarly applicable, and wherever it has become known is regularly prescribed with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn-out frame, clears the skin, and leaves the patient fresh and healthy; a single bottle of this inestimable remedy is worth all the so-called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE, (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED.) The limits of an advertisement will not admit their full insertion.

TO THE PUBLIC.

THIS is to certify, that in consideration of the many misfortunes which have attended me in the erection of my Saw Mill, at Mapleton, in the town of Oconomowoc, Waukesha County, I deem it proper and in justice to say, that the troubles arising in the starting of my Mill, did not lay in the fault of the machinery or water wheel, patented by L. D. Goodwin, and manufactured by Decker & Seville, but from other causes, and I do most cheerfully recommend said water wheel to the Milling community, as being the best wheel now in use, for driving any kind of machinery, and that it has fully come up to all the recommendations given to it. I shall take great pleasure in showing my Mill, to any one desirous of using the best water wheel in the State. In conclusion I would say to all parties building Mills, to profit by my experience, and employ none but good, honest, steady, and efficient Millwrights, and you will save money.
Oconomowoc, March 17, 1856. C. HEVER.

Milwaukee Commercial College
212 and 214 East Water St.,
MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprize has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

MEDICAL.

THE ORIGINAL ELECTRIC OIL,
Made only by Prof. DeGrath.

WHAT Col. E. H. Grant says:—I had the Neuralgia three years ago so badly that the physicians nor anything else I tried could relieve me. I bought a bottle of your Electric Oil of you in Chestnut st., at that time and before using two bottles, was perfectly cured; that has been three years since. Yesterday I had a slight attack of Rheumatism, and purchased another bottle to cure that. I have known several of my friends, Mr Cripps and others, to be cured by your Oil, when scarce able to walk. You are the first introducer of the Electric Oil to my knowledge.

Col. Grant can be seen at No. 25 North Thirteenth st. Ask him. Ask Mrs. Hutchen, Seventeenth and Thompson sts., who was helpless, and cured by one bottle. Ask Mrs. Cannon, Coates st.; one dose saved the life of her child, dying of croup. Ask all Philadelphians who have tried my genuine Electric Oil.

Rheumatism, Palsy, Pains, Neuralgia, Baldness, Toothache, Burns, Piles, Stiff Joints, Cramps, Swellings, &c., cured in a few days. Beware, and take none but the genuine pure DeGrath's Electric Oil. All others are mere deceiving nostrums.

At the old established Depot, 39 South Eighth st., four doors below Chestnut. Prof. Chas. DeGrath sole proprietor in the world. Prices, 25c, 50c, and $1.
Store not removed.
Sold by H. BOSWORTH & SONS, RICE & STEVENSON, and J. H. TESCH, Wholesale Agents, Milwaukee.

A NEW ARTICLE OF
MERCHANDIZE.
HAVING commenced the manufacture of Solid Tubing with Wyckoff's Patent Tubing Machine, at Rich's Mills, in Horicon, from 3½ inch pine and cedar scantling, the undersigned will fill all orders from Merchants, Lumber Dealers, and Farmers, for water conductors, water pipes, and underground leaders from fountains, spring and artesian wells; also, tubing for chain, rotary, and other kinds of pumps; made in sections eight feet long, with jointed ends, both air and water tight. This article is far superior to either lead, or iron, free from rust and poisonous oxydes. Hardware Merchants and Lumber Dealers are rapidly furnishing themselves with this saleable kind of tubing. As one machine, and one man and a boy can manufacture 2,000 feet per day, I can furnish the solid tubing at about the same rates as the old kind of spliced tubing.
I own the Right for
Wyckoff's Patent Tubing Machine,
For Wisconsin and North-Western Michigan, and will sell only a few Counties if applied for soon.

TO THE PATRONS OF ART.
E. C. ARNOLD, Bookseller, 184 East Water St., has recently completed the personal selection of an extensive and valuable invoice of Prints, among which are some of the finest specimens that ever came from the burin of the engraver. There are no duplicates of the best, to render the choice still more desirable. If he feels any degree of complacency on the subject, it arises from the consideration that the selection was made almost without regard to cost, with the intention to secure works of the greatest merit. Those singled out for enumeration compose but a small portion of the whole, which embrace Pictures after the chefs d' oeuvre of the old masters and most eminent modern artists, in Line, Stipple, Mezzotint and Lithograph, tinted and dark ground; varied in subject and handling, according to the humor of the artist and requirements of the theme, and adapted to the Gallery or Drawing Room.
1 to 6. Christus Consolator and Remunerator, Mater Dolorosa, The Three Marys, Oh! Jerusalem, and the Dead Christ, after Ary Scheffer. In these is united the interest which naturally attaches to sacred subjects, and that which the genius of a great artist evokes.
7 to 11. Faust and Marguerite, (2,) Mignon, (2,) also after Ary Scheffer. Those who are familiar with this artist's "Dante and Beatrice," will need no incentive for possessing themselves of the beautiful conceptions so finely reproduced here.
12 and 13. Christ Blessing Children, and Weeping over Jerusalem; after Claxton and Eastlake, respectively. In this novel and appropriate form will make attractive ornaments.
14. U. S. Senate of 1850, a finely colored proof copy.
15. Sir Walter Scott and his friends; after Faed, the painter of "Evangeline." This picture derives an enhanced value from the fact that it contains actual portraits of many of the literati of the period.
16 and 17. Washington and Clay. Full lengths, in Mezzotint.
18. Cromwell's Last Interview with his Favorite Daughter, full of force and character.
19. Raphael's Introduction to Leonardo DaVinci. The interest felt in whatever relates to great artists is heightened by the admirable grouping and accessories of this picture.
20 and 21. With and Against the Stream; a truthful illustration of the sunshine and shadows of domestic life.
22, 23 and 24. The Mother's Dream, Believer's Vision and Mother's Grave. These pictures, appealing to the religious sensibilities of all, cannot fail to be great favorites.
25, 26, 27. The Sisters, (illustrative of Keble's "Bereavement,") The Glorious Company of the Apostles Praise Thee, and La Lecture de la Bible, (after Dubufe.)
28. Telemaque relating his Adventures. A large and fine composition.
29. Divorce of Josephine; including eleven characteristic portraits.
30. The County Election; a thoroughly American subject.
31 to 34. Coming to the Point, Power of Music, Music is Contagious, and Farmer's Nooning. A distinguishing peculiarity of Bingham's and Mount's productions, though Hogarthian in treatment, is their strict fidelity to certain phases of American life and character.
35 and 36. Morning in Spring and Evening in Autumn. The budding maiden and mature matron.
37, 38. Head of Christ and Angel Gabriel, (Paul de la Roche.)
39 to 42. Holy Family, Madonna Della Sedia and Candelabra, and St. Cecilia.
43, 44. The Mother's Joy, and St. Cecilia, (Paul de la Roche. Anything said of these masterpieces would be like the kindred attempt to "paint the Lily, or add," &c.
45, 46. The Immaculate Conception, (after the picture in the Louvre,) and Madonna of Madrid, (both Murillo.)
47. The Annunciation, (Jalabert,) a most exquisite conception.
48, 49, 50. Washington's Inaugural, First Prayer in Congress, and Cornwallis is Taken. Three Revolutionary incidents effectively rendered.
51 to 53. Washington as Citizen, Soldier, Farmer and Christian.
55 to 59. The five senses, illustrated.
60, 61. Lady Evelyn Gower, and the Dogs of St. Bernard, (Landseer.)
62, 63, 64. The Retreat, Lion Chase, and Boar Hunt, (Horace Vernet.)
65. The Victory, (Paul de la Roche.)
66. Judith, (Horace Vernet,) full of power.
67, 68. Le Bon Menage and Le Mauvais Menage; strong light and shade.
69. La fille de Saragossa, (Wilkie.)
70. The Cost of a Victory; tells its own tale.
71 to 73. Photographs of The Resurrection, Blessing Children, and Statuary; excellent.
74. See-Saw, (Webster,) a very good design, and brings back many pleasant reminiscences.
75. The Mountain Stream, (after the Baxterotype process.)
76, 77. Fallen Angel and Tears of Repentance, (illustrating Moore,) very graceful creations.
78. Sale of the Pet Lamb. A fine colored copy of this scarce print.
79. Oh! a feeling delineation of one of the casualties of boyhood.
80. Both sides of the Channel; a rustic characterization of England and France.
82, 83, 84. Samuel, Timothy and Milton; three gems in uniform style.
☞ E. C. A. does not question that the good people of Wisconsin will sustain their previous reputation for appreciating efforts to cater to their tastes and love of the beautiful. oct9daw
